

# MPW Wins "PPG Excellent Supplier Award 2008"

PPG Industries, Inc. presented MPW Industrial Services with its "Excellent Supplier Award 2008" April 3, 2009. MPW earned this award for outstanding service, value and strategic support to PPG, a leading coatings and specialty products manufacturer. This symbol is added the array of customer recognition awards presented to MPW, most recently AK Steel's prestigious "Supplier of the Year Award 2007".

Kathleen McGuire, Vice President Purchasing & Distribution with PPG Industries, Inc. presented Monte Black, President and CEO of MPW with the "Excellent Supplier Award 2008" in "Recognition of Overall Excellence and Quality of Service". As she presented the award, she stated "Only a few select suppliers earn this prestigious award each year and this recognizes MPW for their excellence and is well deserved."

MPW's commitment to help increase PPG's profitability by reducing their total spending is evident, not only in MPW's Container Management group servicing PPG out of the Cleveland facility, but in the quantity and quality of our other services provided to 14 other PPG locations. Our teams have consistently delivered impeccable service and rapid response, while leveraging cost-reduction strategies.

MPW's role continues to expand in other PPG facilities as requirements in Facility Management, Industrial Cleaning and Water Management. Considerable savings for PPG have been produced through swift response times and productivity improvements.

PPG is a Fortune 500 company with more than 15 billion dollars in sales, serving customers in construction, consumer products, industrial and transportation markets, and aftermarkets. PPG has manufacturing facilities and equity affiliates in more than 60 countries around the globe.

MPW serves a number of major power generation companies including AEP, Duke Energy, TVA, Progress Energy and Reliant Energy. With 37 years of industrial cleaning experience, we increase profits by:

- Decreasing your operating expense
- Increasing productivity by maximizing your generation
- Minimizing your environmental, health and safety concerns
- Enhancing your competitive advantage through increased reliable output at lower cost

MPW's efforts translate into more profit for our customer. MPW is a leader in providing integrated industrial cleaning, high purity Water Management, Facility Management and Production Support Services.

This year has been significant for MPW. We celebrated our 37th anniversary, received the prestigious "PPG Excellent Supplier Award 2008" and finalized restructuring our geographic coverage to provide superior service and support. Behind the scenes, we expanded our operator and technician safety education program to include site-specific equipment training and increased our sales force to provide better contact with our customers.

As we move into 2009, MPW will continue our efforts towards becoming your premier provider. Customers come to expect unmatched service and support, immediate responsiveness, and the highest regard for SAFETY.

With more than 2,000 trained personnel, over 1,800 pieces of mobile equipment, and multi-site custom fabrication facilities, MPW has the experience and the resources to handle projects of virtually any magnitude.

Our goal is to deliver the best service in the industry. MPW understands our customer needs for today, as we remain flexible to meet the requirements of tomorrow.
